Parental Permission for Standing Orders

Dear Parents/Guardians,

Below is a list of over-the-counter medications that are permitted within our school standing orders for basic first aid and emergency treatments. Please carefully review the statements below to grant or deny permission for our nurses to provide these treatments for your child. **Please review and sign both page 1 and page 2 of this form.**

Student's Name: _____

Date of Birth: _____

TOPICAL TREATMENTS

1. I give permission for a **Medicated Relief Swab** (containing Benzocaine &/or L-menthol) to be used for temporary relief of pain and itching associated by insect bites and stings. ____ YES ____ NO
2. I give permission for topical **Lidocaine Spray/Gel** (solarcaine or burn gel) **or a first aid burn cream** to be applied to minor burns (first degree only) as appropriate, including sunburn. ____ YES ____ NO
3. I give permission for topical **antibiotic ointment** (Neosporin or Bacitracin) to be applied to superficial abrasions or wounds with open skin. ____ YES ____ NO
4. I give permission for **Orajel** topical oral anesthetic to be applied for a toothache. ____ YES ____ NO

ORAL/ENTERAL MEDICATIONS & TREATMENTS

Student's Name: _____

Date of Birth: _____

Does your child require dye-free oral medication due to a dye-allergy or intolerance? ____ YES ____ NO

1. I give permission for **Diphenhydramine (Benadryl)** to be administered for a minor allergic reaction, involving symptoms such as hives or itchy rash with no respiratory or circulatory involvement. ____ YES ____ NO
**If your child has a known allergy to Benadryl (diphenhydramine), please have your child's physician write a prescription for a different oral antihistamine that your child better tolerates.*
2. I give permission for **Acetaminophen (Tylenol) or Ibuprofen (Motrin or Advil)** to be given for temperature of 100.4°F or higher according to package dosing instructions for weight. ____ YES ____ NO
Please note that parents/guardians are required to pick students up from school for fever (body temperature of 100.4°F or greater) even if Acetaminophen or Ibuprofen has been administered by a school nurse. **Students are not permitted to ride the school bus home with a body temperature greater than or equal to 100.4°F. In the event that the student's temperature remains 100.4°F or above and a parent/guardian is unable to pick the student up from school, 911 emergency services will be called and the student will be transported to the nearest hospital. This is done to ensure the medical safety of your child. Fever-reducing medication will only be given by the school nurses for body temperatures 100.4°F or greater. If your child requires Acetaminophen or Ibuprofen to be given for a temperature lower than 100.4°F, at an "extra strength" dosage, or for any other purposes (i.e. pain), please have your child's physician write a prescription indicating the specific dosage and temperature for which the medication should be given and send in an individual supply of the ordered medication for your child.*
3. I give permission for **Oral Suctioning using a Yankauer Suction Tip** to be performed on my child for thick or excessive oral secretions that are compromising his/her airway. ____ YES ____ NO
